Career Objective

Computer Science graduate seeking to join TCS as an Assistant System Engineer / Ninja, bringing hands-on experience in Java, OOP, Spring Boot, Hibernate, and full-stack web development. Strong foundation in problem-solving, data structures, and database systems, with proven project delivery and hackathon experience. Eager to contribute to TCS's collaborative, client-focused project teams and grow through its structured learning and career development programs.

Technical Skills

Languages: Java, JavaScript, SQL

Concepts: Object-Oriented Programming (OOPs), Data Structures, Problem-Solving

Frameworks: Spring Boot, Hibernate

Web Development: HTML, CSS, Node.js, Express.js, EJS

Databases: MySQL, PostgreSQL

Tools: Git, GitHub

Core Competencies: Team Collaboration, Leadership, Adaptability, Client Communication

Experience

Brainovision

May 2023 – Jun 2023

Web Developer Intern

Remote

- Contributed to web development tasks as part of a structured internship program, applying front-end and back-end fundamentals in a real project setting

Projects

Hire Hive

GitHub

- Developed a website enabling customers to hire local professionals across various fields, with service listings and booking workflows
- **Technologies:** HTML, CSS, JavaScript, Node.js, Express.js, EJS, PostgreSQL

Hackademia

GitHub

- Developed a website to manage hackathon-related events for participants and organizers, streamlining registration and coordination
- **Technologies:** HTML, CSS, Node.js, Express.js

A.P.P Management

Personal Project

- Developed a web application to track student participation points, supporting activity logging and score aggregation
- **Technologies:** HTML, CSS, Node.js, Express.js

Education

Narayana Engineering College

Nov 2021 – 2025

Bachelor of Technology in Computer Science

India

- Currently in final year; expected graduation 2025

Narayana Junior College

Nov 2019 – 2021

Intermediate (MPC)

India

Sri Sai Vidyanikethan School

Jul 2018 – 2019

Secondary Education (SSC)

India

Achievements

- Won first place in hackathons organized by SkillBridge, Masscoders, and Audisankara
- Secured second place in a college-level website development hackathon
- Organized a national-level 24-hour hackathon at college, demonstrating leadership and team coordination
